

**Residents and Business Liaison Group**  
**Tuesday 5<sup>th</sup> December 2017 – 6.30pm to 8.30pm**  
**Grace Baptist Church Hall, 48-50 Park Ridings, N8 0LD**

**Attendees**

Keith Johnston (KJ) National Grid  
Philip Harrison (PH) Atkins  
Ashley Spearing (AS) St William  
Nick Gleave (NG) St William  
Chris Cooper-Davies (CCD) Local Dialogue  
Mike Eyres (tRIIO)  
Peter Giannini (tRIIO)

Ian Robinson (IR)  
Ryan King (RK)  
John Miles (JM)  
Marcus Ballard (MB)

**Apologies**

Anna Douglas (AD)  
Kate Quinn (KQ)  
Austringer Capital

**Part One – National Grid update**

**1. Introductions and apologies**

Introductions and apologies were made.

**2. tRIIO works on Mary Neuner Road (Including Traffic Management Update)**

**ME** said that the first section of low-pressure gas mains had been laid in Mary Neuner Road. He said that the traffic lights on the road would be removed by the end of the week. The traffic lights would be reinstated in the New Year, but would not need to be in place for as long nor stretch as far south along Mary Neuner Road. This would reduce the impact on the Electoral Reform Service (ERS) entrance, which has been regularly blocked by cars queuing at the lights.

**PG** and **ME** said they would liaise with **IR** to coordinate the traffic management system around work at the ERS.

**KJ** said that work would take place on the north western section of Mary Neuner Road after that. **IR** said this would have no impact on the operations of the ERS.

**Securing our energy supply for future generations.**

1

**ME** said he was currently putting together a programme of work, which should be complete before Christmas.

**KJ** mentioned that traffic and vibration had been the only recurring issues with the site. **ME** said he would undertake vibration monitoring across the site to ensure no industry standards were breached.

### **3. VHE Update**

**PH** gave an update on VHE work at the site. VHE had returned to undertake some work to facilitate the tRIIO works. He said they would be offsite within a week.

### **4. Communications**

**CCD** gave an update on communications during the previous month. He said the a flyer would be sent out prior to Christmas, updating residents on work at the site and informing them of the Christmas closedown dates. **ME** said the site would close down for Christmas on 22 December and activity would resume in the New Year. He said he would contact **CCD** when he knew the exact date work would begin onsite after Christmas.

**JM** said there had been neutral interest in work at the site from his neighbours but that no one had complained to him of any disruption. He asked who was now in charge of the onsite facilities. **PG** said that tRIIO were occupying these. He mentioned that there was 24-hour security at the site.

### **6. AOB**

The next meeting was scheduled for **Tuesday 16<sup>th</sup> January at 6.30pm**

**ENDS**
